

**ASC X12** The Accredited Standards Committee

## Health Information Technology Issues and Opportunities

Presented by: Alix Goss, Payformance Corporation  
Chair, ASC X12 Insurance Subcommittee

**ASC X12N - Insurance Subcommittee - Mission:**

Develop and maintain X12 standards, guidelines, and technical reports related to all aspects of insurance and insurance-related business processes, including but not limited to, property and casualty, life, health care, and reporting to regulatory agencies. Currently this includes EDI and XML standards along with consideration of future technologies.
